COMPLIANT

with AOBRD rules & ELD Self-Certified

ALWAYS CONNECTED

with LTE, Wi-Fi & Bluetooth

DURABLE

outer-shell & long-lasting battery life

INTEGRATED

with Zonar & third-party software

Improved Safety, Efficiency and Compliance

Zonar Connect™ is a fast and powerful in-vehicle tablet which instantly connects truck drivers and fleet managers. Capable of running a variety of Zonar applications, Connect provides options to choose the apps you want to run your operations. Streamline and enhance your drivers' completion of daily tasks with solutions for electronic hours of service logs, pre- and post-trip inspections, and GPS navigation. Paired with the Zonar Ground Traffic Control® web portal, you can monitor driver performance, truck location, maintenance status, inspection results and more—all in real-time. The Zonar suite of solutions decreases cost and improves safety.

Invest in the Future

Because Connect is built on a scalable Android™ platform, it is capable of supporting future innovation by Zonar and over-the-air software updates. For example, as safety regulations continue to evolve, Zonar is capable of providing over-the-air updates to ensure that you are always operating with a fully compliant device. Plus, all Zonar solutions are backed by a U.S.-based customer care team who is available 24/7/365 which means we're always there to help.
